

# WS11 LED

## DOWN LIGHT WALL SCENCE

CCT Selectable just got easier !

### Application

WS11 has a modern design with effective down illumination. The built-in Photocell automatically turns the fixture on/off depending on the time of day. This fixture has a tempered glass cover and durable extruded aluminum body that is highly resistant to rust. It runs on 120V-277V circuits and come with CCT adjustable, letting you set it to 3000K, 4000K or 5000K with a simple switch. This product is great for indoor and outdoor projects such as decks, front doors, porches, patios, gardens, corridors, balconies, villas, and walkways.

### Construction

- Rugged extruded aluminum housing (LED direct contact to heat sink)
- Housing is completely sealed against moisture and water ingression
- Corrosion resistant polyester powder coat finish
- Tempered glass is shock and heat resistant

### Features

- Inbuilt color temperature adjustable switch to allow instant CCT/ change. Perfect for SKU control
- 50,000hours @40°C operating temperature
- 120-277V AC suitable for residential and commercial application

### Technical Specification

Model Number	WS11
Input Voltage	120-277V
Power Factor	>0.9
THD	<20%
CRI	>80
Ambient Operating Temperature	-40~40°C
Color Temperature	3000K/4000K/5000K (Selectable)
Wattage	20W(2512lm)
Efficacy	125lm/w
Beam Angle	101°
Surge Protection	2KV included
Photocell	Built in, Optional

**2500lm**

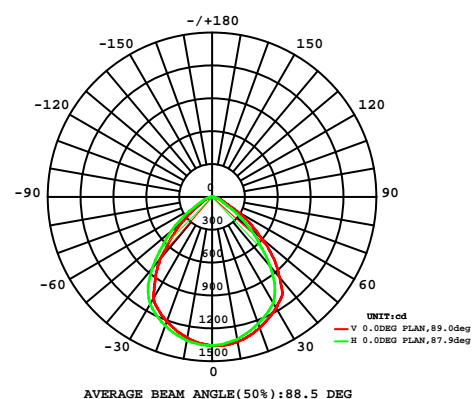

**101°**

**125lm/w**
